'Start children on the way they should go, and even when they are old, they will not turn from it'
Proverbs 22:6

Monday 17th July 2023

Dear Parents,

When I wrote to you at the end of December, I let you know how hard the Headteacher, staff and leaders from the St Bart's MAT were working to make the necessary improvements to the quality of education for all children at Woodseaves. Since then, I am delighted to report that the impact of leaders and staff has been excellent and there are now many strengths across the school, most notably in reading and maths. I am sure that you have noticed the positive changes to the learning environment and when I have visited school, levels of engagement with all pupils has been high and children are happy and working hard, in every classroom.

I also visited the school during Y6 SATs week and was impressed with the mature attitudes that children displayed during their statutory tests. The results that all children have achieved this year have been much improved and these outcomes are testament to the hard work of the children, staff and the strong support that children receive from you, as parents.

All Governors continue to visit school and report back to the Local Governing Board on their priority areas and I have to acknowledge the hard work of all Governors and thank them for their time and commitment that they give to this voluntary role.

There have been many events on in the school this term that I hope you have been able to attend. I am very much looking forward to attending the Class Three production on Thursday 20th July and look forward to seeing many of you then.

On behalf of all the Governors, I wish you all a safe and happy summer break and once again, thank you all for your continued support.

A handwritten signature in black ink that reads 'Kay Mason'.

Kay Mason

Chair of Governors to the Woodseaves Primary School LGB
