12. Monitoring and review	9

1. Introduction

- 1.1. This Outbreak Management Plan is applicable to all schools within the St Bartholomew's CE Multi Academy Trust.
- 1.2. If any of our schools or local areas sees an extremely high prevalence of coronavirus (COVID-19) infection rates and existing measures in our community have failed to reduce this, the appropriate authorities will decide which additional measures to implement to help contain the spread. These measures may involve implementing several restrictions, which could include the partial closure of schools and childcare settings in our area. Measures may also be necessary to help minimise the impact from new coronavirus variants.
- 1.3. This Outbreak Management Plan outlines how the school will operate if further restrictions are implemented. The school will work closely with the local health protection team (HPT) and implement provisions as advised by the team.
- 1.4. This is a live document that will be reviewed by the Headteacher / Head of School, in conjunction with other key stakeholders, as and when the situation develops.

2. Restrictions to attendance

- 2.1. The government has advised that all schools should continue to operate as normal and that all pupils should attend school unless required to self-isolate.
- 2.2. The Outbreak Management Plan is designed to act as a containment measure where:
 - There is extremely high prevalence of coronavirus.
 - Other measures have already been implemented.
 - There is a need to minimise the impact from a new coronavirus variant.
- 2.3. Restrictive attendance measures, of the kind set out in this Outbreak Management Plan, must not be implemented by schools without the explicit agreement of the DfE.
- 2.4. Restricting attendance in any form will only be used as a last resort, initiated following a ministerial decision. Where restrictions to attendance are implemented following government advice, they will be kept to a minimum, allowing for the maximum number of pupils to attend education; however, in all circumstances, priority will be given to vulnerable pupils and the children of critical workers to attend full time.
- 2.5. As part of their outbreak management responsibilities, LAs, Directors of Public Health, and HPTs may advise individual settings or a cluster of closely linked settings to limit attendance in one of the ways described in this section.

- 2.6. Where LAs judge that wider containment action is needed and wish to limit attendance within an area, they will work with their Regional Partnership Team to escalate a proposal to the central Local Action Committee command structure.
- 2.7. Unless advised otherwise, the school will allow all pupils to attend. If the Outbreak Management Plan is implemented, the school will only allow the following pupils to attend on-site provision:
 - Vulnerable pupils.
 - Children of critical workers.
 - Other pupils, where advised by the DfE.
- 2.8. High-quality remote education will be provided for all pupils not in attendance, in line with the Pupil Remote Learning Policy.
- 2.9. The school will lift restrictions as soon as it is advised by the government that it is appropriate to do so.

3. Infection prevention and control

- 3.1. The school's COVID-19 Risk Assessment will continue to be adhered to – this risk assessment meets the requirements set out in the DfE's system of controls.
- 3.2. Any member of the school community who displays symptoms of coronavirus will be required to self-isolate and encouraged to get a confirmatory polymerase chain reaction (PCR) test. Tests can be booked online or ordered by telephone via NHS 119. Critical workers, including school staff, have priority access to testing.
- 3.3. If a variant of coronavirus classed as a variant of concern (VoC) is identified within the school's geographical area, the school will partake in targeted testing by the Department of Health and Social Care (DHSC) to help suppress and control any possible new cases. The school will also adhere to advice from Directors of Public Health in relation to the temporary reintroduction of face coverings.
- 3.4. If a pupil develops symptoms of coronavirus while on site, they will be taken to a designated isolation area while they wait to be collected. If required, the pupil will be supervised while they await collection. If the supervising member of staff is unable to socially distance, e.g. due to the pupil's age or needs, they will wear PPE.
- 3.5. After the pupil has left the premises, any areas they were in will be cleaned. The pupil's parents will be encouraged to get their child tested with a confirmatory PCR test as soon as possible. The pupil will be required to self-isolate for at least 10 days – remote education will be arranged for them immediately.

- 3.6. If a staff member develops symptoms while on site, they will be directed to go home immediately to self-isolate and to get a PCR test. Cover arrangements will be put in place.
- 3.7. Any staff members or pupils who have been in close contact with a symptomatic individual at school will not need to self-isolate unless they develop symptoms themselves. Fully vaccinated adults, and pupils under the age of 18, who have been identified as close contacts of a positive case via the NHS Test and Trace service, will not need to self-isolate unless advised by a healthcare professional. Individuals also do not need to self-isolate if:
- They live in the same household as someone who has tested positive for coronavirus, unless they develop symptoms themselves.
 - They have taken part in or are currently part of an approved COVID-19 vaccine trial.
 - They are not able to get vaccinated for medical reasons.
- 3.8. Adults who receive their second dose of the vaccine close to 16 August will need to continue to follow the same rules as unvaccinated adults until two weeks after their second dose. Unvaccinated adults and adults who have only had one dose of the vaccine will need to continue to follow the rules on self-isolation if they have been identified as a close contact of a positive case.
- 3.9. If an individual tests positive, the school will contact the DfE Helpline on 0800 046 8687 and select Option 1, or in line with other local arrangements, where a team of NHS advisers will decide what action is needed based on the latest public health advice. The school will follow the expert advice, which could include working with the local HPT if the situation is escalated by the advisers.
- 3.10. It is important to think about taking extra actions if the number of positive coronavirus cases in the school substantially increases, as this could indicate that coronavirus transmission is happening in school.
- 3.11. The following thresholds will be used as an indication of when to seek public health advice, whichever is reached first:
- Five children, pupils, students or staff who are likely to have mixed closely, test positive for coronavirus within a 10-day period.
 - 10 percent of children, pupils, students or staff who are likely to have mixed closely test positive for coronavirus within a 10-day period.
- 3.12. When a threshold is reached, the school will review and reinforce the testing, hygiene and ventilation measures already in place. The school will also consider:
- Whether any activities can take place outdoors, e.g. exercise, assemblies, or classes.
 - Ways to improve ventilation indoors that will not significantly impact thermal comfort.
 - One-off enhanced cleaning, focussing on touch points and any shared equipment.

- 3.13. A director of public health may provide the school with advice that reflects the local situation. In areas where rates of positive cases are high, this could mean that the thresholds for extra actions are higher than the threshold set out above.
- 3.14. The school will seek additional public health advice if there is concern regarding transmission in the school, either by phoning the DfE helpline on 0800 046 8687 or in line with other local arrangements. The school will also refer to the government's Outbreak Management Plan for further information.
- 3.15. The individual's close contacts at school – where they do not fulfil the criteria outlined in this section of the Outbreak Management Plan – will be contacted by the NHS Test and Trace, and advised to take a PCR test. If more individuals test positive, the school will follow advice from the local HPT, which may include requiring more people to self-isolate. Staff who do not need to isolate and young people under the age of 18 years and six months who have been identified as a close contact should continue to attend school as normal.
- 3.16. As the result of an outbreak during step 4 of the coronavirus recovery roadmap, a temporary requirement could be implemented for staff to resume wearing face coverings in areas other than crowded spaces where they are likely to come into contact with others they would not normally meet. This may include face coverings being reintroduced in communal areas and classrooms for members of staff. The school may also be required to reintroduce the use of bubbles in order to resume social distancing and limit the transmission of coronavirus. The school will adhere to any conditions set out by the local HPT.

4. Transport

- 4.1. Pupils and staff attending school will be encouraged to walk or cycle wherever possible and to avoid public transport. The government has removed the legal requirement to wear face coverings but expects and recommends that they are worn in enclosed and crowded spaces where you may come into contact with people you don't normally meet – this includes public and dedicated transport to schools. If pupils and staff need to use public or dedicated transport, they may be asked to wear a face covering while travelling, unless exempt in line with government guidance, e.g. due to a disability.
- 4.2. Transport services to and from the school (where applicable) will continue to operate as normal during times of local restriction where pupils are still attending. In the event that such services are not able to operate as normal, the Headteacher / Head of School will consider alternative options and communicate these to all parents and pupils in advance.

5. Teaching and learning

- 5.1. If restrictions to on-site education are required, the school will offer immediate access to high-quality remote education for all pupils who are required to remain at home.

- 5.2. Where advised during a local outbreak, further restrictions may be enforced with regards to certain musical and drama activities, e.g. singing, for pupils attending on-site provision, to help reduce the risk of transmitting coronavirus via aerosols. Restrictions may also be reintroduced to contact and indoor sports. The school will follow the advice provided by the local HPT.
- 5.3. The school will use a range of remote teaching methods to cater for all different learning styles. This information will be published in the Remote Learning Plan and the school's website. This plan will where the tools and information used for remote learning will be accessible from.
- 5.4. Teachers will ensure lessons are suitable to the class group's age and ability, inclusive for all pupils, and will be adapted, where necessary, to account for the needs of disadvantaged pupils and pupils with SEND.
- 5.5. When teaching pupils who are working remotely, teachers will:
- Set assignments so that pupils have meaningful and ambitious work each day.
 - Deliver a planned, coherent and well-sequenced curriculum which allows skills to be built incrementally.
 - Provide frequent, clear explanations of new content through high-quality curriculum resources, including through educational videos.
 - Assess progress by using questions and other suitable tasks and use assessment to ensure teaching is responsive to pupils' needs and addresses any critical gaps in pupils' knowledge.
 - Adjust the pace or difficulty of what is being taught in response to questions or assessments, including, where necessary, revising material or simplifying explanations to ensure pupils' understanding.
 - Provide opportunities for interactivity, e.g. questioning and reflective discussion.
 - Provide scaffolded practice and opportunities to apply new knowledge.
 - Enable pupils to receive timely and frequent feedback on how to progress, using digitally-facilitated or whole-class feedback where appropriate.
 - Plan a programme that is of equivalent length to the core teaching pupils would receive in school, ideally including daily contact with teachers.
- 5.6. In exceptional circumstances, the school may reduce its curriculum offering to enable pupils to cope with the workload – the Headteacher / Head of School will assess this need, keeping pupils' best interests in mind, and will not take the decision lightly.
- 5.7. Teachers will continue to make use of formative assessments throughout the academic year, e.g. quizzes.
- 5.8. The school will utilise the support available through the DfE's ['Get help with technology during coronavirus \(COVID-19\)'](#) scheme. Under the scheme, the school can order laptops,

tablets and 4G wireless routers to support the following groups of pupils if they do not have access to a digital device or the internet through other means:

- Pupils in Years 3 to 6.
- Clinically extremely vulnerable pupils across all year groups who are not attending school in line with government and/or clinical advice.
- Pupils in all year groups whilst attending school on a hospital site.
- Pupils in any year group who have been advised to shield because they, or somebody they live with, are clinically extremely vulnerable.

5.9. Before distributing devices, the school will ensure:

- The devices are set up to access remote education.
- Appropriate safeguarding controls and support are in place to help pupils and their families use the devices safely.
- Arrangements follow the procedures outlined in the school's Device Loan Agreement.

5.10. Once devices are ready for collection, the school will either arrange for them to be collected by families from school or delivered to pupils' homes, ensuring infection control measures are adhered to as part of this process.

6. Returning to school

6.1. The Headteacher / Head of School will work with the LA to ensure pupils only return to school when it is safe for them to do so. Prior to the return of more pupils and staff, all relevant risk assessments will be reviewed.

6.2. Where advised to do so by a Director of Public Health and/or the local HPT, the school may encourage staff to undertake LFD tests at home prior to their return to school and/or for a period of time following their return. The school will continue to recognise that testing is voluntary.

6.3. The Headteacher / Head of School will inform staff, pupils and parents, prior to the return to school, whether any further restrictions, such as the use of bubbles and face coverings, have been resumed.

6.4. After a period of self-isolation, or the relaxation of restrictions, the Headteacher / Head of School will inform parents when their child will return to school.

6.5. The Headteacher / Head of School will listen to all concerns that parents may have about their child returning to school and will advise them of the measures in place to ensure the safety of their child.

7. Exams and assessments

- 7.1. The school will remain open for any exams and assessments planned in line with current government guidance.
- 7.2. Wherever necessary, the school will implement additional mitigations to ensure the safe delivery of exams and assessments, which may include:
 - Staff and visitors being required to wear face coverings in communal areas, where directed.
 - Two-metre spacing between all desks, where directed.
 - Additional controls for candidates who are classed as clinically extremely vulnerable. This may include measures such as seating them in a separate room to other candidates or, in exceptional circumstances, at the candidate's home.

8. Safeguarding

- 8.1. Ensuring safeguarding arrangements remain effective during periods of restricted attendance is a key priority. Our Child Protection and Safeguarding Policy has been updated to include provisions for keeping pupils safe during the coronavirus pandemic, both at home and in school – we will continue to follow these procedures for pupils who remain at home, where appropriate, until all pupils are able to return to school.
- 8.2. We will continue to ensure that:
 - The best interests of pupils always come first.
 - If anyone in the school has a safeguarding concern about a pupil, they act immediately.
 - A DSL or deputy DSL is always available.
 - Unsuitable individuals are not permitted to work with pupils or come into contact with pupils whilst on site.
 - Pupils who remain at home are protected when they are online.
- 8.3. A trained DSL or deputy will remain on-site where possible. Where this is not possible, e.g. they are required to self-isolate, the school will ensure that the DSL or deputy, or a DSL or deputy from another school within the Trust, are available to contact at all times. In addition, the Headteacher / Head of School will take responsibility for coordinating safeguarding on-site during this time.

9. Wraparound care

- 9.1. The school's wraparound care (both indoor and outdoor provision) will be provided to all pupils; however, where restrictions are required, wraparound care will only be provided on-site to pupils who are eligible to attend school full time.

10. Food provision

- 10.1. We will provide meal options for all pupils who are attending school.

10.2. We will provide FSM, vouchers or food parcels as appropriate to eligible pupils who are not attending school, where they:

- Are self-isolating.
- Have had symptoms or have tested positive.
- Are not attending due to the implementation of local restrictions advised by the government.

10.3. The school will work with their food providers to prepare meals or food parcels, for collection or delivery, to eligible children during their time at home.

11. Communication

11.1. The school will communicate its plan for addressing any imposed restrictions with parents, including in relation to:

- Opening arrangements.
- Access for specific targeted groups where applicable, such as certain year groups, vulnerable pupils and children of critical workers.
- Any reviews of the school's protective measures as part of our risk assessments.
- The arrangements for remote working.

11.2. All relevant stakeholders will be kept up-to-date with the circumstances of any imposed restrictions and how these affect the school as the situation develops.

11.3. If any member of the school community wishes to discuss any concerns relating to the school's provision during this period, they should contact the following as appropriate:

- Staff – their line manager.
- Pupils – their class teacher.
- Parents – the Headteacher / Head of School.

12. Monitoring and review

12.1. This plan will be reviewed continually, by the Headteacher / Head of School, in line with guidance from the government and Public Health England (PHE).

12.2. Any changes to the plan will be communicated to all relevant stakeholders as soon as possible.
